April Outing - 'Rutland 100'

Saturday 14th April 2012

Meeting at 0730 on the lane from Upper Hambleton to the Old Hall, we will embark on the task of trying to locate 100 species in a day, taking in Hambleton Wood & Rutland Water, before finishing off late in the evening at Eyebrook Reservoir. We will be going at our usual birdwatching pace, taking our time to view the many species that we will encounter.

Directions:

From Oakham take the A606 towards Whitwell, take the first right towards Upper Hambleton, on reaching the village take the first right by the church, continue down the lane towards Old Hall, please park carefully on the roadside. As parking spaces are limited it may be necessary to park in the village and take the short walk down the lane.

To book a place please contact Andrew Cliff no later than Monday 9th April 2012
