June Outing - Blithfield Reservoir & Cannock Chase

Saturday 21st June 2008

Meeting at the Blithfield Reservoir Education Centre car park at 0900. Target species will be Woodlark, Woodcock and Nightjar.

Blithfield is an 800-acre (324 hectare) drinking-water supply reservoir surrounded by a mixture of open countryside and mixed woodland plantations. A group permit has been arranged for our visit to Blithfield Reservoir allowing us access to all areas of the reservoir. Later in the evening we will travel over to Cannock Chase in our quest for nocturnal species. Cannock Chase is a large expanse of mature heathland and woodland providing ideal habitat for wildlife in general.

Directions:

Take the B5013 from Uttoxeter follow signposts for the Reservoir Education Centre Car Park.
