## March Outing - Attenborough

### Saturday 29th March 2008

Meeting at the Attenborough Nature Reserve car park at 0830. Target species will be the early spring migrants, also with the chance of Hawfinch. Depending on timings we may also pay a visit to the Trent Valley Pits later in the day.

A series of flooded gravel pits and islands covers 145 hectares and provides an ideal habitat for a wide range of plants, birds and other wildlife.

#### Directions:

The Reserve is situated just off the A6005 between Beeston and Long Eaton. Turn on to Barton Lane off the A6005 at McDonalds following the brown tourist signs. The Car Park is situated at the bottom of Barton Lane.

To book a place please contact Andrew Cliff no later than Monday 24th March 2008
