

# Watermead Needs you!

Would you like to be involved in volunteering  
on Watermead Country Park?

From September you can have the opportunity to get involved with lots of different activities with the rangers, including:

- Riverside Management
- Practical conservation tasks, using hand tools
- Reed bed management
- Patrolling
- Environmental education activities
- Helping with Country Park events
- Countryside skills and nature conservation training

Volunteering on country parks provides ideal opportunities to keep fit, meet new people, get some countryside work experience and learn more about the British countryside, alongside making your local park a better place to visit.

If you are interested in volunteering please ring Watermead Country Park office to find out more about how you could get involved.
